Student Reflection Questions

Instructions: After each professional site visit, take 10 - 15 minutes to answer the following questions. These will help you reflect on what you learned and how it connects to your professional goals.

1. What stood out to you the most during today's visit?

2. Did anything surprise you about the company, culture, or staff?

3. What kinds of jobs or roles did you learn about today?

4. Do you see yourself working in a place like this? Why or why not?

5. What questions did you ask or wish you had asked?

6. What did you learn from the employees you met?

7. How did this visit affect your confidence in pursuing a CS career?

8. Is there anything you want to research or follow up on?
